

Welcome from the NorthBay Wellness Center

The Wellness Center welcomes your group to NorthBay. We hope your stay here is a safe and healthy adventure! Below is information about our Wellness Center to help you plan your stay at NorthBay.

Upon your arrival, please have your nurse/doctor/EMT check into the Wellness Center, located within the Bowers Administration Building for an orientation. They will be given a radio to communicate with your staff and our camp staff throughout your stay.

The Wellness Center has a large area for treating injuries and illness as well as a semi-private room for campers needing temporary rest. It is the responsibility of your group to provide any basic first aid supplies you may need. NorthBay stocks additional supplies if needed.

In the event of an emergency, NorthBay has an AED available and access emergency medical services through 911. Below is contact information for the local hospital and pharmacies.

Union Hospital
(15 miles North of camp)
106 Bow Street,
